Help us reduce the amount of landfill at Begonia Festival!

Talk to our friendly waste station staff who will be on hand to demonstrate how the future of recycling and waste disposal in Ballarat could work. They will assist you to place your waste in the correct collection stream: landfill, recycling, organics and glass bins will be available.

Want to know more?

Visit our Sustainable Environment Ballarat Stall to learn and take part in an interactive game to correctly sort your waste into the four waste streams of general waste, recycling, garden organics and glass.
